ABOUT ME

A nineteen year old, highly motivated undergraduate student fluent in programming as well as designing and adept to quick learning and sharp reconnaissance. I'm eager to explore new fields and always dependable when it comes to getting work done on time. Currently I'm focused on learning Data Structures and Algorithms.

SKILLS

Flutter, React, Angular, Node.js, Firebase, Java

MongoDB, MySQL

Cloud Computing (AWS)

Motion Graphics

Teamwork, Adaptability

Problem Solving

REFERENCES

Mr. Chanuka Wijesundara
Web developer - 23e2 Digital Marketing, Canada
+1 647 676 3257

WORK EXPERIENCE

2021 - Today
Flutter Developer
Freelance
Responsibilities:
- Convert design prototype to a working flutter app and integrate it with the backend
- Aid the design and deployment of the backend if needed
- Handle the publishing of the Mobile app

PROJECTS

LetMeKnow - Mobile application and Web portal for health care industry **- Flutter, Angular, Node.js, AWS**

QickTeam - Mobile Application for individuals of similar interests to attend the same activity/event - **Flutter, Node.js, AWS**

Covid Alert - Web portal and Mobile Application for marking and tracking Covid-19 patients with a real time notification and tracking system - **Flutter, Angular, Node.js, AWS**

AI-Motion - Desktop prototype and mobile application that uses machine learning to estimate poses and teach people to dance - **Flutter, Firebase**

EDUCATION

Jan 2021 - Jan 2024
Sri Lanka Institute of Information Technology
BSc (Hons) in Information Technology Specializing in Software Engineering

2007 - 2019
Lyceum International School
Computer Science

HONORS & AWARDS

Winner
SLASSCOM Ingenuity Awards - Best Innovative Product - LetMeKnow

Winner
Haxmas 2021 - LetMeKnow

Runners Up
SLIIT Extreme 2021

Winner
Cutting edge Software Engineering category 2020 and 1st Runners up Tadhack 2020, Sri Lanka for AIMotion mobile application
